

Learn Today Lead Tomorrow

OurProfile

***Education is the Most Powerful
Weapon which You Can Use to
Change the World - Nelson Mandela***

Background

Infinity Institute of Management and Technology (**IIMT**) is an educational institute established on 30th January 2013 and recognized by the Ministry of Education and Training (Registration No. 474.007) also registered under Ministry of Trade (Reg. No. 2013/187) as an Educational Consultant.

IIMT is an institution with vision and is a pioneer of fresh approach towards a university education in the 21st century, offering accredited Undergraduate Programmes, Postgraduate Programmes, Master of Business Administration, Diplomas and Post-Graduate Diplomas in a unique and innovative way. We don't just offer Online Courses but we integrate our students' learning experience with the real world, empowering students to make ownership of their own learning process, equipping each student to think entrepreneurially, and employing the most engaging and inspiring teaching method in our center with the state of art technology.

Our Approach

At **IIMT** we value African child education, that's why we went all the way out to look for internationally recognized degrees for you. We have collaborated with International Universities to bring you globally recognized degrees. Our mission is to create a more educated, prosperous and peaceful Africa by developing the next generation of ethical and entrepreneurial African leaders. We prepare students for a successful and meaningful life and carrier in the 21st century – with a shared vision for a better Africa.

Our Vision

IIMT will attract a diverse student body that possesses the ability and passion for learning.

- We are innovative with contemporary programs, whether within or built upon disciplines in the Vocational Training, Online & Distance Learning, Career Guidance, and Study Aboard, we will prepare our students to be engaged and self realized citizens and leaders in a complex, democratic society.

Our Mission

We will shape the future of **IIMT** student life by:

- Creating a diverse, vibrant and inspirational learning environment.
- Establishing **IIMT** as the leading Vocational Training, Online & Distance Learning, Career Guidance facilities in Lesotho, across Africa and the rest of the world.

Our Values

Integrity:

We are professional, honest fair and we offer certified and accredited courses.

Courageous:

We know that without risk there's no innovation. We're bold enough to question ideas, provoke new ways of thinking, strip away the superfluous and focus on those things at which we can excel.

Connected:

We are an integrated team. We are about trust, collaboration and connectivity across our different disciplines and throughout the world.

Generous:

We respect and celebrate diversity. With a generosity of spirit, we value emotional intelligence as well as knowledge, empowering each other and enabling our students to realise their full potential.

Excellent:

We demand excellence. We understand the importance of critical thinking, discipline and responsibility, and we expect the very highest standards of ourselves and our students.

Sustainable:

Green-thinking is at the heart of all we do. Our common goal is to respect the planet and we are committed to sustainable practices, both on the global stage and in our own working environment.

Our Services

Our Learning model

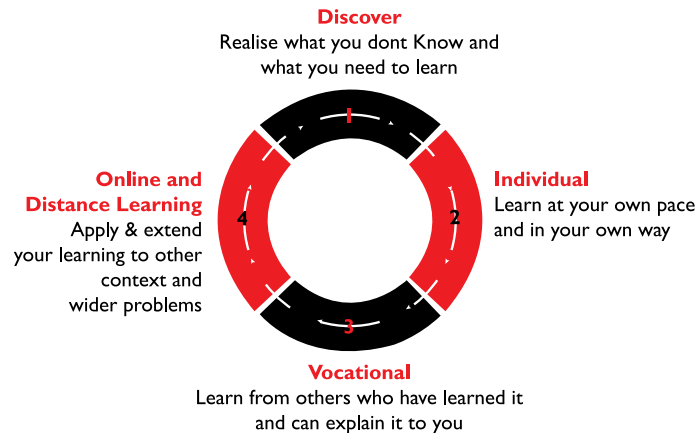

Our unique learning model puts you first. Drive the bulk of your learning experience individually and with your peers through engaging and meaningful activities.

We have developed a Learning Cycle that helps students learn new skills and master concepts. Every stage of the Learning Cycle is incorporated into the classes you take in your Leadership Core.

Learn At Your Own Pace And In Your Own Way

We recognize that not all students work the same way. In order for you to be most effective at mastering concepts, IIMT has created a space where you take ownership of your learning.

Using IIMT's own academic platform, you will take courses and work on assigned projects at your own time and pace.

Empowered to Deliver Tailor-made Courses that Meet Today Corporate Demands

Vocational Training

This programme will prepare you for a career that demands manual and practical skills. It is also referred to as career and Technical Education (CTE) as it can help you develop a unique

set of skills that are in huge demand in the market.

The two major benefits of **IIMT** Vocational training programs are that; you can progress at your own pace and keep working at your current job while earning your certificate.

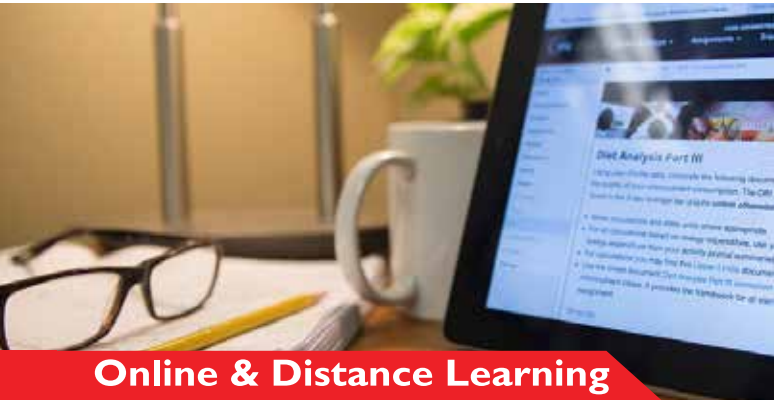

Whether you're looking to launch your first career, changing career directions, or upgrade your current job skills, you will find all the relevant and up-to-date training with our vocational training programmes.

All the courses we offer at **IIMT** are designed after a careful market survey to understand the current market trend & requirements that will meet or exceed the required standards in the current job market. **IIMT** is in the serious process of bringing more Vocational Training programmes in diverse fields that are in high demand in the market.

Benefits of Vocational Training Programmes with IIMT:

- Industry relevant curriculum.
- Training provided by excellent staff who are dedicated and highly knowledgeable and experienced.
- Perfect blend of theory & practical aspects of programmes.
- Hands-on-expertize on key areas until one masters the skills.
- Committed to produce 100% results through personal attention.
- Committed to provide all required resources to every student in terms of lab, library & assistance in learning.
- Committed to assist every individual to attain industry certification as a top up to our programme.

Online & Distance Learning

Learning Online doesn't mean being on your own. At **IIMT**, we've spent thousands of hours perfecting the way we teach our online classes to best support our students. You'll have access to all the resources at **IIMT** center as well as two options for how you can customize your online education experience.

Online In Real-Time: These online classes occur at set times on evenings and weekends. You'll hear live audio from your professors, engage with a "virtual blackboard", and the ability to interact with your classmates and your professors via live text messaging or video conferencing.

Online Any Time: These online classes occur at set times on evenings and weekends. You'll hear live audio from your professors, engage with a "virtual blackboard", and the ability to interact with your classmates and your professors via live text messaging or video conferencing.

Maximum Flexibility: If you can get online, you can get to class. That's one of the primary benefits of our online classes. They work with your schedule. 2 hours a day. Seven days .

Learn Today Lead Tomorrow

Personal Support

Learning online doesn't mean you're learning alone. We've developed online features to ensure our students can collaborate, communicate, and feel connected to their professors, and peers. All our online students have access to our campus support and resources.

The Best of Both Worlds

While we've gone to great lengths in perfecting the way we teach online, we also understand that some students may prefer a classroom setting for certain courses. That's why we offer students the opportunity to take a combination of online and

campus classes. It's all about finding what works best for you.

Distance learning

IIIT in collaboration with its partners such as Amity University & Lovely Professional University Distance Education (LPU DE), students are provided with study material, contact classes for selected programmes and various Online resources to facilitate and rather make it easy for students to learn.

Faculty member constantly strive to deliver their best to the students, in the time constraint that the Distance Education Programmes have.

An innovative teaching is developed & designed specifically for every course of Distance Education to help students to develop analytical, application, presentation and communication skills, and to involve the student in the courses, so that they spend the required time on the course, not as a matter of compulsion, but due to the generated interest.

IIMT e-Connect allows flexible learning and provides easy access to education. With its emphasis on quality education through Distance Education mode, which is considered as the second choice of students, the Institute strives to transform the face of Distance Education in India and Abroad.

Graduate programs provide relevant content, the latest theory and application techniques, and the leadership training that allows you to take your education from classroom to boardroom right away.

If you're considering graduate school, a **IIMT** Master's Degree is a flexible, supported option that fit with your busy life. **IIMT** offers graduate degrees in a range of In-demand subject areas.

Distance Education makes lifelong learning possible. Distance Education offers convenient, flexibility and affordable. The benefits of Distance Education are innumerable.

Benefits of Online Education with IIMT:

- Any Time Any Where connection to facilitate the students by catering to different academics and administrative requirements.
- 24/7 accessibility
- Offers convenience, collaboration, flexibility of learning to the learners.
- Helps to automate record-keeping by registering students for relevant programmes and courses.
- Cater to different educational, Academics and administrative requirements.
- Provides personalized learning environment.
- Re-creates class room fell.

The Leaders of Tomorrow are **Crafted Today**

Educational Consultancy

We represent Universities in India. However successfully enrolling a student at the university of his/her choice is not as simple as we at **IIMT** made out at the very outset. But given our professional team of counselor, it is indeed done with a flip of fingers or so to say. We are proud we can do that with a flip of a finger, literally. In fact, doing things most professionally has become our USP. Taking care of formalities is our forte and we do it with flair and aplomb.

Over the year, professionals have tried new things, and that includes exploring new course for our clients. That is because the world as a business forum is changing and so should a bright student.

Career Guidance

Good career guidance has never been more important. Changes in technology and in the Labour market mean that increasing number of Jobs requires specific education and training. This has produced new vocational options, which, at present, are not well understood by many young people or their teachers.

Furthermore, the decision to go to university now means a major financial commitment, rather than being a safe default choice. Yet, despite its importance, career guidance in many schools has often been criticized for being inadequate and patchy.

We at **IIMT** have spent number of hours trying to find out which courses and careers are suitable for local scholars.

The Best Way to Predict your **Future** is to Create it - Abraham Lincoln

Study Abroad

Whether you're a high school graduate or college/university student, the **IIMT** study abroad programme is designed to give you an impressive, revolutionary experience that will prepare you for the future.

Whether you want to develop skills for college/university, stand out in the job market, or even launch your own business, **IIMT** is the place for you.

Why Study With Us?

Suitable for anyone and everyone

Students, Businessmen, Professionals, Entrepreneurs, Housewives and any other individuals who wish to pursue Higher Education while continuing with what he/she is doing.

Self-paced learning

The maximum duration of all programmes provides our students enough time to complete their programmes. This flexibility is specifically given, keeping in mind that the Distance Education students have other commitments too.

Age no bar

Age is no bar for anyone wishing to pursue a Distance Education Programme.

Increase in Compensation and Promotion potential

There is a high possibility of increase in compensation and/or of getting promoted, if one improves his qualification while he is working.

Additional qualification & skills gives an edge to an individual over his peers and colleagues.

No constraint of time and place

Distance Education allows flexibility to study anytime of the day be it in the week hours of the morning, or at late nights. Students may choose to study in the comfort of their home, while travelling, while they are in the waiting area of a railway station or an airport, or any other place where they wish to.

Multi-tasking opportunity

Distance Education provides multi-tasking opportunity to students. Due to the flexibility and convenience, students have the option to perform all other tasks that they require or wish to, allowing them to fulfil their other responsibilities successfully.

- We offer vibrant and inspirational learning environment.
- We have excellent pool of teachers and management staff, detailed courseware and practice tests lead towards planned preparation, program planning through Lovely Professional University Distance Education and services are continually updated to remain at the fore-front of quality service.
- We provide dedicated and interactive instructions in classroom setting for personal care to ensure best result for students.
- **IIMT** attracts a large pool of students because of its vision and commitment towards high quality of service to satisfy its customers.

OurPartners

- **IIMT** is developing African professionals who can add value to organizations that employ from day one. Students and professionals who either want to pursue higher education studies from distance education mode at Lovely Professional University (LPU) & Amity University.

- Working under the management, Academics.
- Responsible for development and updating of the course materials.
- Academic team members are minimum post graduates for reputed local/foreign universities with subject specific background and experience.

Shailendra Kamal

Our Founder

Born 24th May 1986 and brought up in Ghaziabad (India) Shailendra Kamal, holds an MBA in operations management from the reputed Amity University, B.Tech (Electrical and Electronics Engineering), B.Sc. (Industrial Electronics) and a 3-year Technical Diploma in electronics and Communication Engineering.

Kamal founded Infinity Institute of Management and Technology (IIIMT) as an educational Consulting firm in Online and Distance learning programme in Collaboration with Amity University and Lovely Professional University in India.

IIIMT is not just an institution, which imparts world-class education, but an experience where everyone associated is part of a dream, a Mission to see that we nurture truly great Online education in Africa.

Kamal is deeply passionate about Africa and believes that the missing ingredient

on the continent is providing good online education.

In line with this, Kamal was the project Engineer overseeing the implementation of the Pan Africa e-Network project (Tele-medicine in (Berea District Hospital, and Teyateyaneng), Tele-Education at IEMS (institute of Extra Mural studies) in Maseru and prime Minister state House at Ministry of Communications, Science and Technology in Lesotho from 2010 to 2012.

Today, Kamal is the secretary of the Indian Association of Lesotho, member of Rotary international, Rotary club of Maseru and Maseru Club.

Grounded to his Dreams, he always believed in the policy of giving back to the society, it is therefore no surprise that **IIIMT** sponsored 10 students from the Ministry of Education at Butha-Butha in free career guidance and free Technical Vocational Training in Computers.
